

15th TCI Annual Global Conference

With over 300 registered participants for this important event, the organisers are now concentrating their energy on confirming the final details of the scheduled activities. The first day of the Conference will be devoted to visiting innovative clusters in areas of rapid growth in which the Basque Country has developed an important degree of specialisation. To this end, seven [Cluster Tours](#) have been designed in collaboration with cluster organisations, research centres, public administrations, companies and museums, amongst other agents in the Basque Country. The visits to different clusters constitute an ideal start to the Conference's intensive [programme](#) of activities, which includes four plenary sessions and 34 parallel sessions in which around 170 panelists will participate.

The [registration deadline](#) for the Conference is October 15. If you have already registered [click here](#) to enroll in the Cluster Tours and not miss the opportunity to interact with participants from over 100 countries, including representatives of national and regional agencies, cluster associations, academic institutions, research centres and companies, amongst other agents of competitiveness.
