

The Basque Country Competitiveness Conference will be held on the 1st July, which will include the presentation of the "2015 Basque Country Competitiveness Report. Productive Transformation in Practice". The work includes a detailed view of the socio-economic outlook of the territory and analyses the application of policies for strengthening competitive behaviour and fostering productive transformation.

## Interaction

### Orkestra celebrates the Oil & Gas seminar

The Seminar examined the reality of the state of acquisitions of goods and services in the oil and gas supply chain, considering technical and engineering aspects to thus know the opportunities that could arise, including the infrastructures and operation of domestic resources.

### Creceer+ enters into various collaboration agreements with other institutions to make available and drive forward new entrepreneurial projects

The 12th BAC+ Investment Forum, in which four new projects with a high potential for growth were presented, was held on 12 March.

### Orkestra assumes leadership in the Master's in Competitiveness and Innovation

From September onwards, Orkestra will be leading the Master's Degree in Competitiveness and Innovation, which until now has been run by the University of Deusto. The two institutions have created closer ties in order to drive forward this programme which focusses on providing matters for reflection and improvement with respect to territorial competitiveness.
